► DESCRIPTION

The 6982 Hand Wash Sink is a commercial grade sink used for industrial hand washing. This sink is a wall mounted sink constructed of 14 gauge type 304 stainless steel. Overall sink size is 60" x 20" (1524mm x 508mm). The unit is seamlessly welded to form a one-piece unit. The sinks incorporate ¾" radius corners for easy cleaning. The sink is 8" deep with a die stamped bottom for positive drainage. The back splash is 10" high with a 2" flange returned to the wall on ¾" radius. The front and sides have a 1 ½" rolled rim jointed into the backsplash. The drain hole accepts a 3 ½" drain. The faucet holes are 1 ½" on 8" centers.

► INSTALLATION

This unit is mounted with a standard "Z" clip and two (2) matching stainless steel angel brackets securing the fixture to the wall.
